EXPERIENCE

Video and Projection Design - Freelance, *Halifax*

MAY 2021 - PRESENT

Delivered technical and creative video design for 30+ theatrical productions and live events, generating consistent client satisfaction and repeat business.

Managed end-to-end technical installations, including equipment planning, rental coordination, on-site setup, and execution under tight deadlines.

Collaborated with creative teams to produce custom animation, motion graphics, and videography content tailored to production vision and technical requirements.

Utilized node-based programming and evolving tech stack to create innovative visual experiences in high-pressure, time-sensitive environments.

Demonstrated strong self-management and problem-solving abilities while balancing multiple concurrent projects.

Lighting Technician - Spatz Theatre, *Halifax*

MONTH 2024 - PRESENT

Configured and operated lighting systems based on diverse client specifications and production needs.

Independently researched and implemented new technical solutions to enhance production quality.

German Language Assistant - Dalhousie University, *Halifax*

SEPTEMBER 2017 - MAY 2019

Lead weekly tutorials for groups of 6-10 second-year German Students in language exercises and conversation.
